

Fig. S1 mRNA and protein expression of LRP and KIF4A in A549 and A549/DDP cells

(a) Total RNA was extracted from A549 and A549/DDP cells, and the expression level of LRP was detected by RT-PCR (left), and Western blot (right). (b) Total RNA was extracted from A549 and A549/DDP cells, and the expression level of KIF4A was detected by RT-PCR (left), and Western blot (right)
